Additional Comments

Please note:

We have improved this beautiful model by fixing the back of the lounge as per image below.

Although the floorstock has loose flaps with velcro for the backs of the lounge, what you will receive is a fixed back.

THIS RECLINER RANGE HAS A CHILD SAFETY LOCK FEATURE - tiny circular button in the middle of recliner button, which needs a pin-like stick to activate.

NOTE:

The 1.25 ARMLESS (**EQ**) will fit on configuration 3ER+CHAISE (**EWB**/**EWC**).
